winner of ilta sage best book award 2020 assessing english for professional purposes provides a
 state of the art account of the various kinds of language assessments used to determine people s

abilities to function linguistically in the workplace at a time when professional expertise is increasingly mobile and diverse with highly trained professionals migrating across national boundaries to apply their skills in English speaking settings this book offers a renewed agenda for inquiry into language assessments for professional purposes. Many of these experts work in high risk environments where communication breakdowns can have serious consequences. This risk has been identified by governments and professional bodies who implement language tests for gate keeping purposes. Through a sociological lens of risk and responsibility this book provides a detailed overview of both foundational and recent literature in the field. It offers conceptual tools for specific purpose assessment including a socially oriented theory of construct development and practice in key areas such as needs analysis, test development, validation and policy. It significantly broadens the scope of the assessment of English for professional purposes to include a range of assessment practices for both professionals and laypeople in professional settings. Assessing English for professional purposes is key reading for researchers, graduate students and practitioners working in the area of English for specific purposes assessment.

Teaching and researching listening provides a focused state of the art treatment of the linguistic, psycholinguistic and pragmatic processes that are involved in oral language use and shows how these processes influence listening in a range of practical contexts. Through understanding the interaction between these processes, language educators and researchers can develop more robust research methods and more effective classroom language teaching approaches. In this fully revised and updated second edition, the book examines a full range of teaching methods and research initiatives related to listening, gives definitions of key concepts in neurolinguistics and psycholinguistics, provides a clear agenda for implementing listening strategies and designing tests.

offers an abundance of resources for immediate use for teaching and research featuring insightful quotes and concept boxes chapter overviews and summaries to guide the reader teaching and researching listening will engage and inform teachers teacher trainers and researchers investigating communicative language use
